Introducing Calibration Freemium

You asked, we listened

We are excited to announce that you will now receive a free version of Druck's 4Sight2 Calibration Management software with every purchase of a documenting Calibrator*

Druck's 4Sight2 software provides a totally paperless calibration solution, our software also provides automation and integration capabilities, which helps you to reduce calibration time and cost. Once installed, 4Sight2 can easily be scaled to a higher number of users or instruments to cater to your growing calibration needs .

By combining your Druck calibrator with your free 4Sight2 software, you can achieve a Calibration Unified approach to calibration. This new way to calibrate utilises automation, combining your people with our calibration hardware and software to deliver a cohesive solution to meet your needs.

Transform your calibration process

Druck's 4Sight2 can complete the calibration process up to 40% faster compared to a manual process.
